

Key features

- 5" high-resolution (800 x 480) widescreen VGA backlit colour display
- Supports a built-in Gigabit Ethernet switch for your PC connection.
- 5 programmable line keys
- 5-way navigation cluster and 4 context-sensitive soft keys
- Wideband audio and superior echo cancellation.

With the Cisco IP Phone 8841, you can increase personal productivity through an engaging user experience that is both powerful and easy-to-use; and take advantage of an energy-efficient, eco-friendly solution that is qualified by the Energy Star organisation.

Highlights

- The IP Phone 8841 combines an attractive new ergonomic design with wideband audio for crystal clear voice communications, “always-on” reliability, encrypted voice communications to enhance security, and access to a comprehensive suite of unified communication features from Cisco on-premises and hosted infrastructure platforms and third party hosted call control.
- The IP Phone 8841 offers five programmable line keys. You can configure keys to support either multiple directory numbers or call features such as speed dial. You can also boost productivity by handling multiple calls for each directory number, using the multicall-per-line feature. Fixed function keys give you one-touch access to applications, messaging, directory, as well as often-used calling features such as hold/resume, transfer, and conference. Backlit acoustic keys provide flexibility for audio path selection and switching.
- Support for Cisco EnergyWise™ technology makes the Cisco IP Phone 8841 more energy-efficient and ecofriendly; the phone is qualified by Energy Star organization.
- The IP Phone 8841 supports 39 languages.
